

FEATURES

- Built - in microphone with specific ANC circuit
- 30 mm Mylar dome with Neodymium magnet circuit
- Close earpad with velvet ear cushion
- Foldable headband and carry hand pouch included
- 1.5 m OFC (Oxygen Free Cooper) cord
- 3.5 mm gold plated plug and air plane adapter

BENEFITS

- The active system of noise control preserves your hearing, still offering you a sound restitution of great quality, even low volume in a noisy environment
- Enhanced sound experience
- Enhanced acousitc performance
- For convenient carrying and storage
- Pure sound transfer
- Noise - free connection and high quality sound transmission

Charge control LED	-
Audio input socket	-
Number of chanel	-
Channel transmission	-
Transmission frequency adjustment	-
PLL techonlogy	-
ACCESSORIES INCLUDED	
IB	yes
Batteries (qty, type)	1 x AAA (1.5V)
Cables (1)	-
Cables (2)	-
Remote control	-
AC/DC Adaptor (qty, voltage)	-
Waranty card	-
SPECIFICATIONS	
Frequency range	20 - 20 000 Hz
Sensitivity	116 dB (Off) / 122 Db (On)
Membrane	Mylar
Max. power input (in mW)	400
Impedance (in Ohm)	32
S/N ratio (in dB)	-
Rechargeable batteries type	-
Average working time at 1/3 volume	-
Sub-carrier frequencies (in MHz)	-
Power supply (1)	-
Power supply AC/DC function	-
GENERAL DATA	
Product dimensions (WxHxD) in mm	160x180x68
Product gross weight (in gr.)	435
Packaging dimensions (W x H x D) in mm	182x251x74
Packaging weight (in gr.)	value
packaging type	Blister
material	PVC
Inner carton(number of units)	-
Inner carton gross weight (in kg.)	-
Inner carton gross dimensions (in mm)	-
Master carton (number of units)	20
Master carton gross weight (in kg.)	8.2
Master carton gross dimensions	472x402x406
Container 20'	7020
Container 40'	14540
Country of origin	China
EAN 13 code	3244480113035
